OUR NON-PROFIT PARTNER

Apple Seeds is a non-profit organization in Fayetteville, AR that reconnects students in NWA with garden-grown food. Founded in 2007 by the leadership at Ozark Natural Foods, Apple Seeds' mission is to inspire healthy living through garden-based education. In that time the organization has made great strides, positively impacting the community—student surveys show improved attitudes toward healthy food and heightened knowledge of nutrition.

Apple Seeds provides a variety of educational programs in area schools and at its Teaching Farm, including Farm Lab field trips, school cooking classes, Farm to Table cooking classes and school garden workshops for teachers and community members. These programs educate and excite young students about healthy food while increasing access to those healthy foods. In 2017 Apple Seeds reached nearly 7,000 students through partnerships with more than 70 schools and local agencies and shared more than 4,500 pounds of garden fresh produce with these students.

The need is great in Northwest Arkansas. 1 in 3 children are overweight or obese and students receive on average 3.4 hours of nutrition education annually. Apple Seeds believes that every student has the right to accessible, fresh, healthy food and believes that the best way to learn about healthy eating is in the garden!

With the proceeds that Apple Seeds receives from Frost Fest, the organization will continue to develop out its Teaching Farm so that it remains a place for students to learn, cook, share healthy meals together and be inspired to do the same in their kitchens.

Yokohama Drifters:

Yokohama Drifters is the only surf rock instrumental group in Northwest Arkansas.

Cadillac Jackson

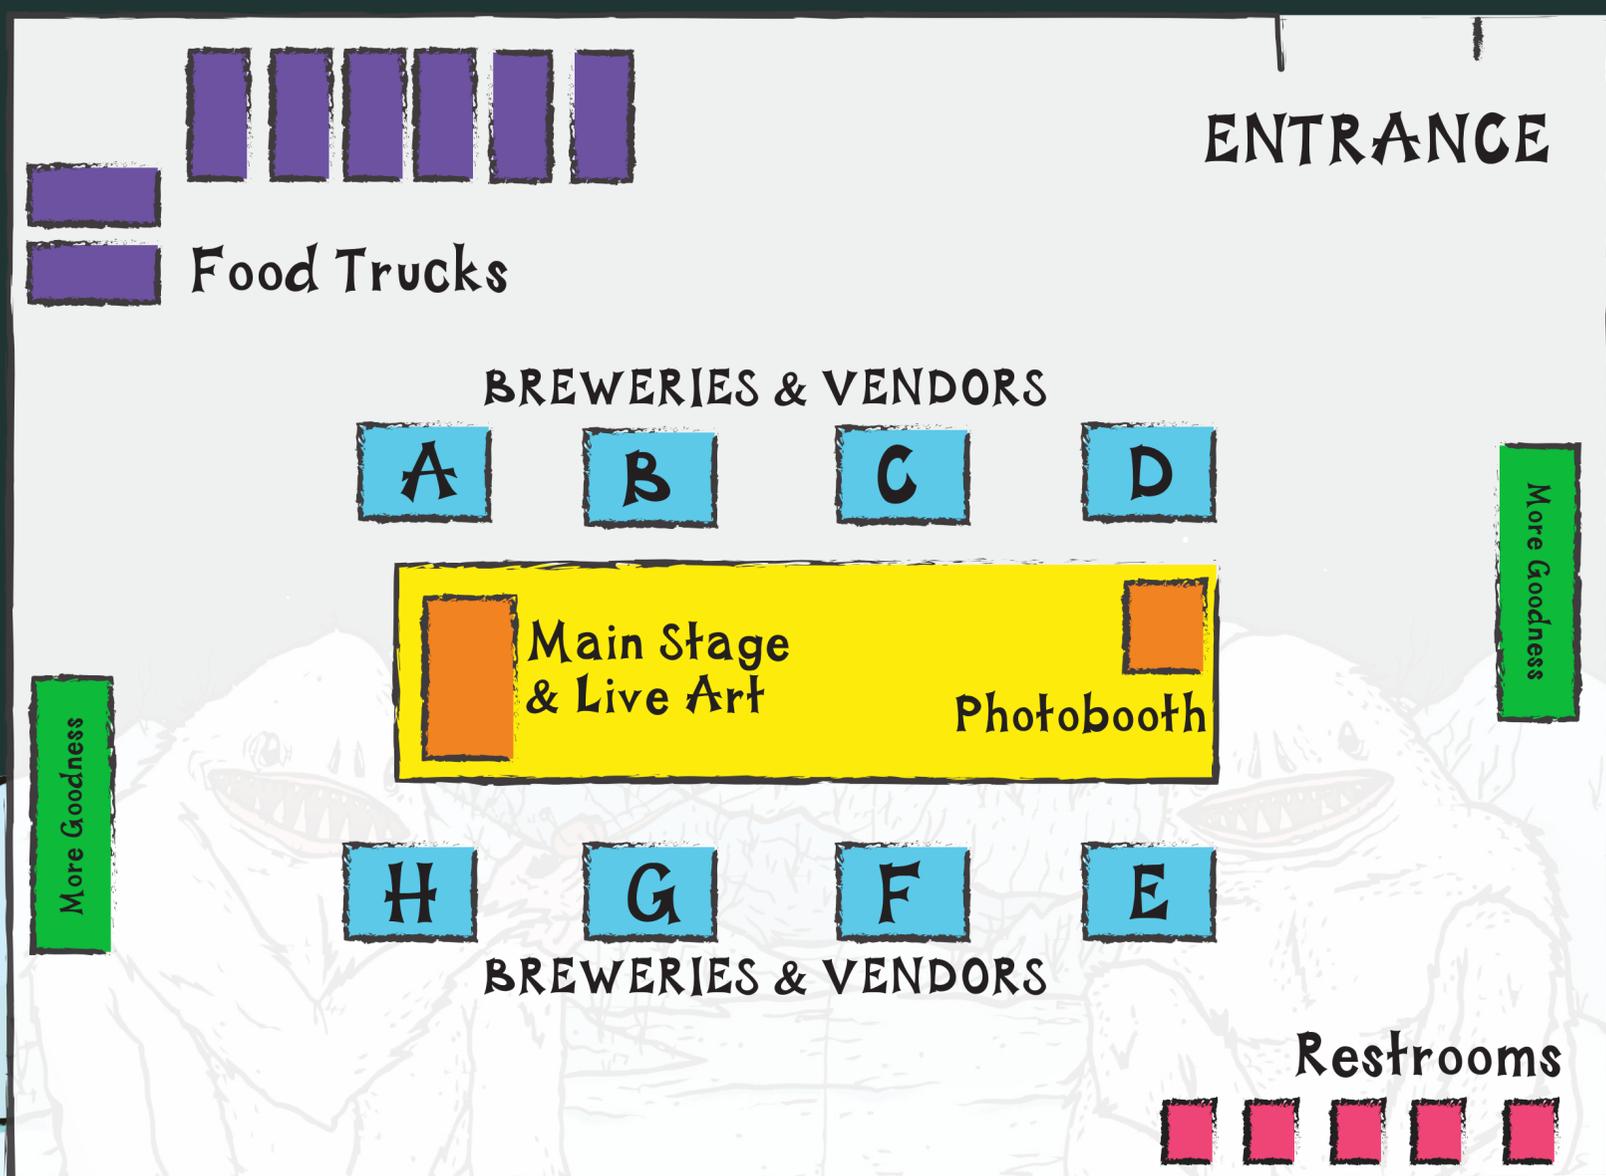

Cadillac Jackson started in 2010. We have blended modern electronica with good old fashion funk to create a unique sound we call Funktronica. We're constantly working hard to reach new levels both professionally and sonically.

Sad Daddy

Sad Daddy began as the meeting of three musical minds -- Brian Martin (guitar), Melissa Carper (bass), and Joe Sundell (banjo). However, with Carper and Sundell residing in Austin, TX and Martin far away in Ozark country the group's opportunities for collaboration and performance were few and far between. Now with the original members all back in Arkansas as well as the addition of standout fiddler Rebecca Patek, Sad Daddy is embarking on the next chapter of their musical journey.

BREWING COMPANY

ANTHEM BREWING CO.

Oklahoma City, OK

In their own words: Anthem Brewing Company was founded in May of 2012 and is located in the Farmers Market District of downtown Oklahoma City. We brew on a 15bbl system and our volume in 2017 was 3700 barrels. Anthem produces five year round beers and two seasonals in cans with several limited barrel aged releases and small batch taproom only releases throughout the year. Our philosophy is to create a wide range of styles and flavors that can appeal to all of the different paths on the craft beer journey. Visit our new taproom in OKC is open seven days a week.

BENTONVILLE BREWING CO.

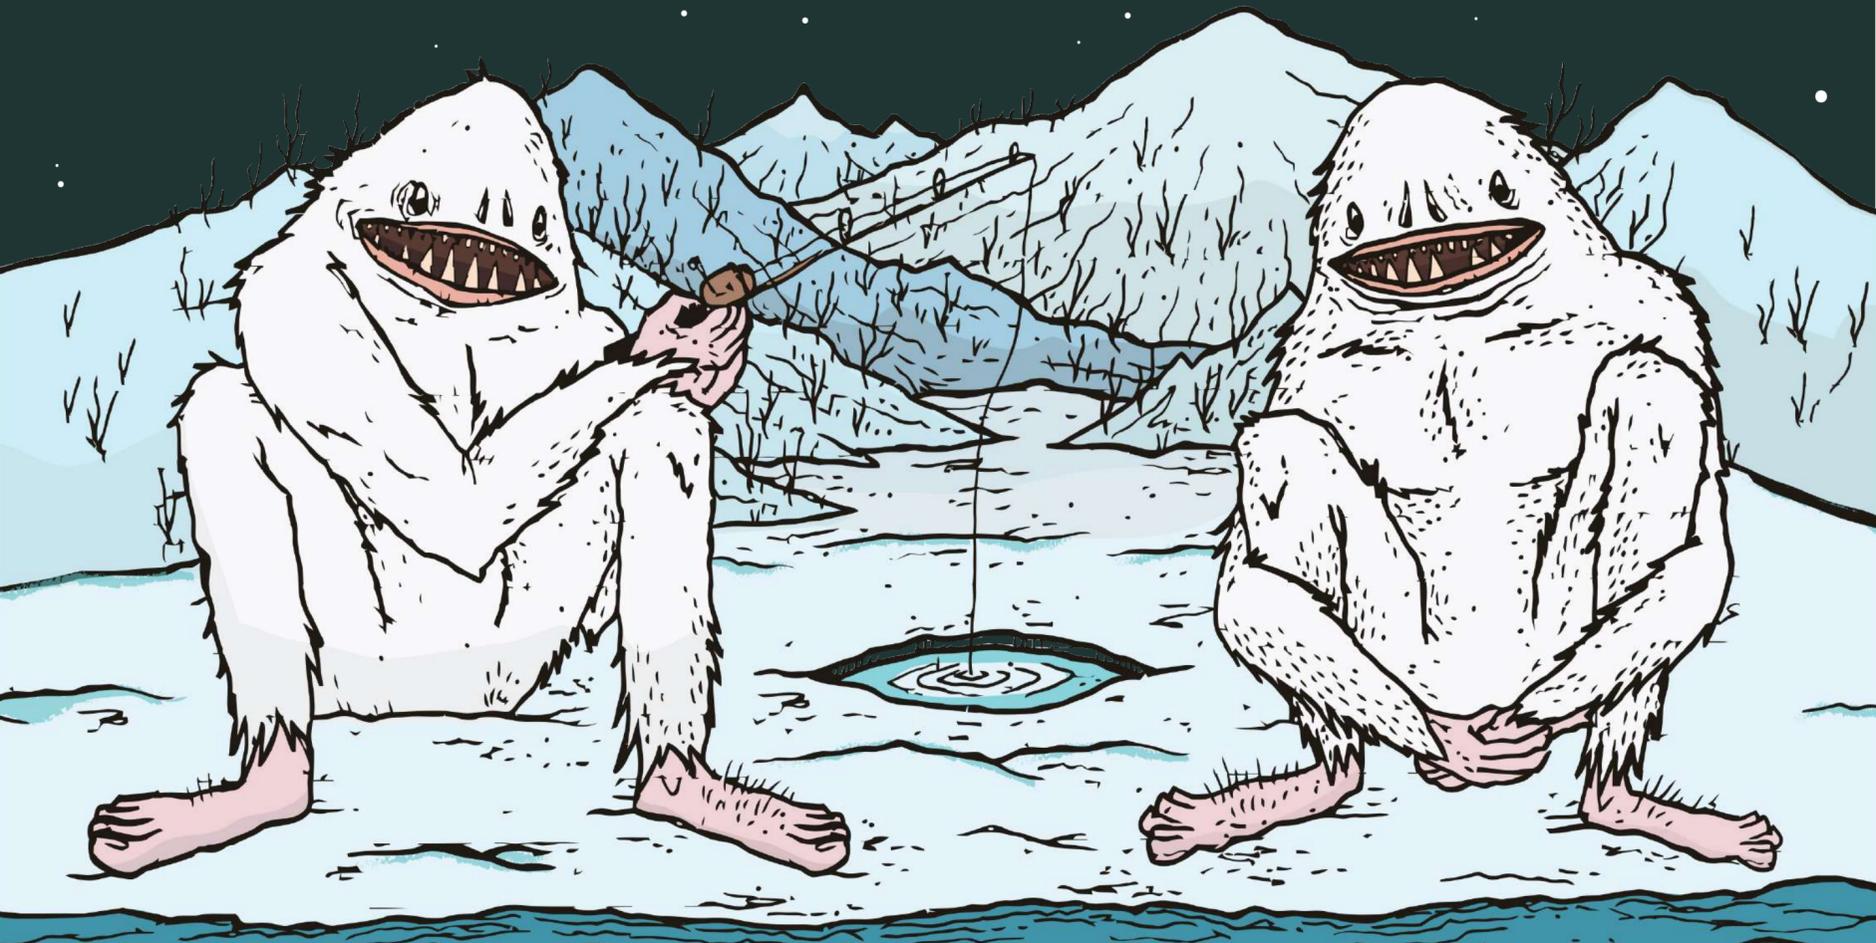

Bentonville, AR

In their own words: Bentonville Brewing Company was founded in Bentonville in 2013 and opened their doors in 2015. Due to general craziness and a need to grow rapidly, BBC has temporarily re-located to Rogers, AR while they wait for a brand new facility to be built. Bentonville Brewing Co's beer is not only available in the best bars and restaurants throughout Benton and Washington County but you can also get it in bottles so you can enjoy it at home! They have a tasting room at the brewery so you can enjoy the beer at its freshest and check out where and how they make it.

BIKE RACK BREWING CO. Bentonville, AR

In their own words: Bike Rack Brewing Company got its name from the life style of the biking community. Just as children congregate at the bike rack before or after school, a bike rack symbolizes a meeting place. Fast forward to the current bike scene, after some hard (or friendly) competition on the trails, or a satisfying weekend work out, what better place to ride in for refreshing locally brewed thirst quenchers and some great conversation. Bike Rack Brewing Co. has two locations with the original at the Hub of Bentonville; and a second location at the 8th St. Market. Our beers' complex, yet approachable flavor profiles create excitement that embodies our community's lifestyle. Our goal is to provide our visitors, friends, family and community a truly unique, enjoyable craft beer experience.

DEAD ARMADILLO CRAFT BREWING Tulsa, OK

In their own words: At Dead Armadillo we are committed to crafting fine beers that meet the highest standards of the industry. Our brewery was established in 2012 and plans for distribution followed shortly after. The first kegs of Dead Armadillo Amber were brewed in June of 2013 in Oklahoma City on contract; this allowed us a direct path to market while we continued permitting and construction on our Tulsa-based brewery. Since late 2015, we have been brewing 100% of our products in our completed facility near downtown Tulsa. Over the last two years, we have added 4 more year-round products, along with seasonal beers and a constant barrage of one-off beers for our onsite taproom. In fall of 2017 we added the Tarmac Taproom at the Tulsa International Airport and will be opening a 5,000 square foot outdoor event space in spring 2018 in the brewery's backyard.
